REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Applicant's arguments are persuasive that there is no incentive in the prior art to switch from an oil-in-water emulsion to a water-in-oil emulsion.

Further the specification at pages 22-23 and 32 further points to the disadvantages (with respect to shelf-life) of using water as a continuous phase in applicant's product.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
